#### **Description:**

No CloudTrail logging trails found in account 661827252609, region us-east-1. Audit logging is required for compliance.

#### **Remediation:**

Enable CloudTrail to log API calls and activities:

1. Navigate to CloudTrail console
2. Create a new trail
3. Enable logging for all regions
4. Configure S3 bucket for log storage
5. Or use CLI:

```
aws cloudtrail create-trail --name my-trail --s3-bucket-name my-bucket
```
